

APTOS-CAPITOLA VETERINARY HOSPITAL

Winter Dental Savings

Dental health for our pets is just as important as it is for us! However, understandably, most owners find it difficult to brush their pets' teeth daily, weekly, or even at all. Over time, bacteria can grow and cause infections. This leads to varying stages of periodontal disease which can then lead to many other health issues.

We want our clients to get as excited about their pet's oral health as we do, so in honor of National Pet Dental Health Month, Aptos Capitola Veterinary Hospital is having winter dental savings, from **January 1st - March 31st**! Each pet that receives a COHAT (comprehensive oral health assessment and treatment) will receive a 10% discount off the price of the procedure*.

*** Current exam is required before a dental procedure can be performed. 10% discount applies to the procedure itself and does not include items such as medications to go home or any other possible additional services. Discount cannot be combined with other discounts or promotions.**

BEFORE COHAT

AFTER COHAT

OUR COHAT PROCEDURE INCLUDES:

- A 3-member team consisting of a doctor and 2 highly trained technicians
- IV catheter and IV fluids
- EKG, Pulse Oximetry, ETCO₂, Temperature, Blood Pressure, and Respiration monitoring
- Full mouth radiographs
- Oral exam
- Ultrasonic scaling above and below the gum-line on every side of every tooth. High speed polishing to leave a smooth, plaque resistant tooth surface.
- Extractions are performed if needed based on the oral exam and radiographs.

Beware of “Anesthesia Free” dental procedures which are a poor value and can be dangerous for your pet. You can learn more about Anesthesia Free teeth cleaning problems from the American Veterinary Dental College <https://afd.avdc.org/category/for-pet-owners/>.

Please contact our office at 831-476-7387 to schedule an appointment.
