Payment Options:

- For some treatments or hospitalized care, a deposit is required, and we will notify you of the amount before the pet begins treatment.
- We require full payment at the time that services are rendered. For your convenience, we accept Visa, MasterCard, Discover, American Express, Apple Pay, Care Credit, Scratchpay Loans, Checks and Cash

Appointment Policy:

- To allow ample time for all patients and scheduled surgical procedures, we operate primarily by appointment. Emergency cases shall always receive top priority, which is why occasional appointment delay is inevitable.
- For convenience drop off appointments are available. Drop off means the client can bring their pet at the time that works best for them and leave him/her with us for a couple of hours. Usually, we will ask them to drop the pet off sometime in the morning so our doctors can examine the patient in between appointments and surgeries.
- Surgeries must be scheduled in advance. Surgery drop off time is between 7 - 8 am. All surgery patients except for exotic pets must not eat past 8 pm the night before their scheduled surgery. Clients need to allow at least 5 minutes during their surgery drop off to fill out paperwork.
- The client must at least call to cancel appointment, boarding reservation, or surgery. If this is not done, and the client fails to show up for their scheduled visit then a fee will be assessed to their account.

Prescription Policy:

- Please give us at least 1 hour to refill your prescriptions. You can call them in via phone & leave a voicemail on our RX line or email us at **ask.jennifer@suburbiavet.com**
- We must have a current heartworm test on all canines in order to refill heartworm medication. Heartworm medicine IS A PRESCRIPTION.
